**Schedules may be subject to change due to changes made by the facilities.**

Payment of the aforementioned fee entitles you to:

- Be a member of the San Francisco de Paula Sports Association.
- Access to qualified coaches and relevant training sessions.
- The opportunity to join the Association's teams that compete at weekends (federated or municipal competitions), provided you are selected by your coach.
- Use of facilities outside the school (training or competition).
- Player registration (federated or Municipal Sports Games).
- The possibility of choosing from all the sports activities on offer, as well as changing activities if they are not satisfied with their choice.

There will be a minimum and maximum number of students per school. If the minimum of 10 participants is not reached, the activity cannot take place. The maximum number of participants in each of the sports will be approximately 20 students, depending on the sport and the space available. The number of participants will be determined by strict order of registration.

The composition of the different groups and teams of athletes will be established by consensus between coaches and the club, and will be fixed unless the club deems it necessary to change them. Los días en los que por inclemencias meteorológicas no puedan realizarse algunas actividades, no serán recuperados\* ni será revertida la cuantía correspondiente a esos días no realizados.

\*We will try to reschedule some classes during the first two weeks of June if facilities are available and weather permits.
